We also serve six Arizona counties under the AHCCCS Regional Behavioral Authority (RBHA) contract: Apache, Coconino, Gila, Mohave, Navajo, and Yavapai. Health Choice Pathway is our dual special needs plan (DSNP), a Medicare Advantage plan for those who qualify for both Medicare and Medicaid. 1.1 OVERVIEW

This manual is designed to provide basic information about the administration of the Health Choice Arizona, AHCCCS and RBHA programs. Details within this manual are intended to furnish providers and their staff with information, guidance, covered services, and claim/encounter submission requirements. This provider manual is an extension of the Health Choice Arizona Subcontractor Agreement, executed by the participating provider. Compliance with processes and procedures outlined in the provider manual is considered part of your contractual obligation as a participating health care provider.

The participating provider agrees to abide by all terms and conditions set forth in this manual.

Hospital administrators, physicians and other medical professionals may only be interested in reviewing chapters pertaining to their specialty directly, in addition to chapter 1 of this manual.

However, office staff and billers of providers should also become familiar with the requirements for member eligibility and enrollment (Chapter 2), prior authorization requirements (Chapter 6), claims submissions, billing policies and procedures and the use of modifiers (Chapters 7-15).

Use of this manual will help reduce questions and expedite the claims payment process by ensuring that claims are submitted correctly the first time.

All Health Choice Arizona Providers who participate in the Health Choice Pathway (HCP) HMO Dual-Eligible Special Needs Plan (HMO D-SNP) are subject to the same responsibilities and rules under the Centers for Medicare and Medicaid Services (CMS). The Health Choice Pathway Provider

Manual focuses on the requirements for relationships between Medicare Advantage organizations (MA organizations) and the physicians and other health care professionals and providers with whom they contract to provide services to Medicare beneficiaries enrolled in an MA plan.

**The HCP Provider Manual is available at www.healthchoicepathway.com -> Provider -> Provider Manual.*

The *AHCCCS Medical Policy Manual (AMPM)* contains additional information about covered services, limitations, and exclusions.

1.2 HEALTH CHOICE ARIZONA NETWORK MANAGEMENT

Health Choice Arizona is responsible for coordinating covered services that are provided to members through a comprehensive provider network of Health Choice Arizona contracted physicians and facilities. The network consists of but is not limited to: primary care physicians, nurse practitioners, specialists, dentists, medical facilities, ancillary service providers, pharmacy, behavioral health services and non-emergent medical transportation.

Health Choice Arizona's network has been strategically developed to include contracted health care providers, facilitating our ability to meet or exceed the AHCCCS minimum requirements ensuring member access to quality care and services through appointment availability and network adequacy by geographic service area. Our robust network includes a diverse selection of qualified primary care providers, specialists, hospitals, and ancillary providers who agree to accept and follow Health Choice Arizona managed care policies and procedures. Contracted health care providers are required to coordinate care within the Health Choice Arizona provider network for all members. This standard of practice enables us to monitor, evaluate and maintain our well-established network.

In the event a referral(s) is needed outside of the contracted network, prior authorization is required. Questions concerning the Health Choice Arizona network should be directed to the attention of your Provider Performance Representative.

Provider Directory

The Health Choice Provider Directory is a listing of primary care physicians, specialists, hospitals, urgent care centers and other providers here to serve our members. The directory is updated often, please check our online search tool or call us if you need help finding a provider.

*Alternate formats (including large font, or different language versions) of the Provider Directories are available upon request.

Our team brings an open vision to Arizona. We believe that those who provide care should be the leaders in creating and constructing new, better, and less invasive mechanisms for the delivery of the care they provide. We understand both the rewards and difficulties of managed care and health plan/provider relationships.

Our Network Services Department is staffed with qualified, experienced professionals who are dedicated to developing partnerships with providers and committed to providing personalized assistance such as staff orientation, education and training on claims or billing/coding issues, AHCCCS standards, prior authorization requirements, and compliance matters. Our goal is to collaborate on innovative approaches to maximize effectiveness and efficiency and identify resources to help reduce administrative burden.

Provider Performance Representatives are assigned by territory and/or service type.

The Provider Performance Representatives are available to assist you with your questions or requests and respond within 3 business days. Please do not hesitate to contact your Provider Performance Representative whenever necessary.

Health Choice is committed to ensuring that you always have an open line of communication with us. If you feel your concerns are not being met in a timely fashion, or to your satisfaction, please refer to our Provider Escalation Process, Exhibit 1.1 to contact our Network Services Team.

1.3 PROVIDER REIMBURSEMENT

The provider's primary role is to render medically necessary services to Health Choice members. Prior to rendering or billing for services, the provider must be an active registered provider with AHCCCS, have completed Health Choice's contracting and credentialing process and have received a copy of the fully executed Health Choice Provider Agreement.

Health Choice Arizona reimburses providers for services in the following ways:

1. Providers receive a prepaid capitation payment each month for each eligible member assigned to them.
2. Health Choice Arizona reimburses providers on a negotiated or regulatory required fee-for-service basis for services rendered to eligible members.

The providers' written contract language identifies the specific rates and/or fee schedule to which a provider is reimbursed. For contracts that reference the *Steward Health Choice Arizona Medicaid Fee Schedule* or the *Health Choice Arizona MCO Medicaid Fee Schedule*, providers can locate those rates on the AHCCCS website under the AHCCCS MCO fee schedule. AHCCCS fee schedules can be located at: <https://azahcccs.gov/PlansProviders/RatesAndBilling/FFS/>.

“By Report” or “BR” indicates that a procedure is not assigned a specific rate and is reimbursed at a pre-determined percentage of the procedure's billed charge. Health Choice reimburses contracted providers for “By Report” procedures at thirty percent (30%) of the procedure's billed charge. “By Report” code(s) billed with charges above \$5000.00 are subject to medical/clinical review.

Health Choice Arizona cannot reimburse members.

1.5 COVERED SERVICES

(Members enrolled in the SOBRA Family Planning program are only eligible for family planning services.)

Health Choice Arizona provides medically necessary covered services specified by AHCCCS, which are mandated by federal and state law.

Medical necessity may be determined through professional review for appropriateness of services provided in conjunction with established criteria related to severity of illness and intensity of services. Documentation submitted by providers is the key to the determination of medical necessity. Failure to submit documentation that substantiates medical necessity may result in a denial of your request and/or claim.

Coverage of services is subject to Health Choice Arizona and AHCCCS rules, policies, and requirements, including, but not limited to:

- Prior authorization
- Concurrent review
- Claims review
- Post payment review

- Special consent requirements
- Eligibility

This list is intended to provide basic information and is not intended to be an in-depth description of benefits. The covered services, limitations, and exclusions described in this manual are global in nature and are included to offer general guidance to our providers. The *AHCCCS Medical Policy Manual (AMPM)* contains additional information about covered services, limitations, and exclusions, and is available on the AHCCCS website at: <https://www.azahcccs.gov/shared/MedicalPolicyManual/>.

Additionally, some services may require prior authorization.

Prior Authorization (PA) is a process by which Health Choice Arizona and/or Health Choice Pathway determines in advance whether a service that requires prior approval will be covered, based on the initial information received. We work closely with your team to streamline and expedite PA by minimizing the number of procedures requiring PA. Many of the items on our abbreviated PA list ask for notification only.

Refer to *Chapter 6: Authorizations and Notifications* for prior authorization requirements.

Health Choice Arizona offers preventive, acute, and behavioral health care services.

1.6 ADDITIONAL SERVICES FOR QUALIFIED MEDICARE BENEFICIARIES (QMBs)

Some Health Choice Arizona members are also Dual Eligible in that they also have Medicare coverage. Additionally, some Medicare members are also categorized as Qualified Medicare Beneficiaries (QMBs). Medicare is the primary payer for these members, with Health Choice Arizona as the secondary or payer of last resort. Providers should bill Medicare first and then bill Health Choice Arizona with a copy of the Medicare EOB attached.

Providers can identify Medicare members by the "rate code" assigned to them by AHCCCS. The rate code appears on their AHCCCS ID card. Rate codes that denote Medicare as the primary payer include the following:

If the third digit of the rate code is a “0”, then the member is Medicare Dual – Eligible.
If the third digit of the rate code is a “2”, then the member is a QMB Medicare member.

QMB members can have their co-pays and deductibles covered by Health Choice Arizona for the following additional services as defined by Medicare:

- Chiropractic Treatment
