A hysterectomy is the removal of the whole uterus (womb). A hysterectomy cannot be reversed and it will permanently prevent you from having children. A hysterectomy should only be performed when there is a disease of the woman's uterus or some other problem that can only be treated by removing the uterus. It is a serious operation and there are discomforts and a chance of serious health problems.

AHCCCS does not cover hysterectomy procedures when:

1) It was performed solely for the purpose of rendering an individual permanently incapable of reproducing, or

2) If there was more than one purpose to the procedure, it would not have been performed but for the purpose of rendering the individual permanently incapable of reproducing.

My signature acknowledges that I have been advised orally that a hysterectomy will permanently render me incapable of reproducing and that I have read and understand the above information.

MEMBER NAME

MEMBER SIGNATURE *DATE*

MEMBER'S REPRESENTATIVE (WHEN APPLICABLE) *DATE*

By signing below, I hereby consent of my own free will to undergo a hysterectomy.

MEMBER NAME

MEMBER SIGNATURE *DATE*

MEMBER'S REPRESENTATIVE (WHEN APPLICABLE) *DATE*

MEMBER'S AHCCCS IDENTIFICATION NUMBER *MEMBER'S SOCIAL SECURITY NUMBER*
